

OSHA 10 Construction Training

Wednesday, March 28 – Thursday, March 29

8AM – 2:30PM

Richard Cronin Building

Massachusetts Division of Fisheries and Wildlife

1 Rabbit Hill Road, Westborough MA

The OSHA 10-hour Outreach construction training program was developed by OSHA to provide construction workers with a general awareness of the types of hazards commonly found on a construction site. OSHA recommends Outreach Training Program courses as an orientation to occupational safety and health for workers covered by the OSHA 29 CFR 1926 construction standards.

The course is held over two days and you must attend both training sessions in order to receive a course completion card. Space in these classes is limited and requires prior supervisor approval.

How to Register: Contact Tom Tagan for a registration form at Francis.Tagan@MassMail.state.ma.us by Friday, March 23
